STEAMER ADVICES.

Apothor Vessel Arrives from Yokohama.

AN INTERESTING STOWAWAY.

He Successfully Escapes from an Exile of Sixteen Years in Siberia—Chinese Vessel Lost in a Typhoon—The Entire Crew Lost—Extracts from Japanese Papers. Convicts That Attempted to Escape Shot Down by Their Guards—Further Particulars of the Ichang Riots—Warship Unable to Reach the Scene of Trouble—Foreign Property Protected by Blue Jackets.

VANCOUVER, B. C., Oct. 14.—The Empress of India, which left Yokohama at 3:30 p. m., Oct. 1, reached Victoria at 4:20 yesterday morning, and after a brief stop proceeded to this port where she arrived at 11:25 yesterday forenoon. She brings thirty-six saloon, eight second cabin and 143 steerage passengers and a full cargo. Following is the passenger list: Louis Courtin, El Crehore, W. C. S. Crosset, J. H. Curtis, Major and Mrs. Daniel and child, Mrs. Delaney, S. Dexter, Dr. Adolphe Fritze, Mr. and Mrs. A. W. Gillingham and child, Rev. E. C. and Mrs. Gerat and two children, T. G. Gowland, John A. Hay, Miss Holzmann, J. F. G. Hutchinson, Mr. Janssen, Miss Jervis, Mr. Kwok Ching, J. Lawson, Miss Lee, Peter Lee, Dr. J. Ross Murray, Mr. Nanson, Mr. and Mrs. Patterson, Mrs. Ransom, Mr. and Mrs. Bradley and child, E. R. Smith, Mr. Von Waldthuisen and E. W. Walker.

When the vessel had been but a short time at sea an interesting stowaway was unearthed. He was Demetrius Kohopitaki, and was an escaped Siberian convict. He had been sentenced to sixteen years exile in Siberia, but after six years of almost unendurable hardships he had succeeded in making his escape into China. He made his way to the coast and managed to secret himself on the Empress of India. The passengers took much compassion upon the unfortunate man and with the aid of officers made the passage to Canada as comfortable as possible for him.

The steamer brings forty-one bags of mail, one parcel basket and 1,074 tons of general cargo.

Sept. 24, while proceeding to Shanghai a terrific typhoon struck the vessel, but no damage was done.

Japanese exchanges received by the steamer relate the following interesting events: On Sept. 14 the bark Archus, of New Chwang, was totally wrecked during a typhoon at the entrance of Nagasaki harbor. All on board perished. The crew of the vessel was composed of Chinese, but she was officered by Europeans.

At Vladivostok, about Sept. 14, sixteen Russian convicts working on a new railroad attempted to escape. Two were shot down but the others succeeded in escaping. The subsequent doings of these men showed to what desperation they had been driven by their treatment during exile. At a farm house which they reached soon after their escape, they killed the three inmates so as to obtain clothing. A French officer was killed for the same reason and a Russian bandmaster was also killed and his body stripped. At latest accounts none of the convicts had been recaptured.

A correspondent of the Japan Daily Mail, writing under date of Shanghai, Sept. 19, says: Details which have been received regarding the Ichang riot throw a more serious aspect upon that outbreak than was at first anticipated. It was thought the affair would turn out to be the work of an ignorant mob, excited into violence by the emissaries of Kalao-Hui as at other places on the Yangtze, but we now know that the attack was deliberately planned and carried out with great expedition by a few soldiers who were under the command of a mandarin, whose special duty was to protect foreigners at Ichang. In this case it is certain that the officials to whom the foreigners had to look for protection were themselves among the rioters and either would not, or pretended inability, to suppress the attack. The ignorant lower classes had nothing whatever to do with the outbreak. Indeed, mission premises inside the city were open all day, and patients from among the poor were receiving relief at the dispensary at the very time the soldiers were burning foreign houses and assaulting inoffensive Franciscan sisters at the settlement just outside the city walls. No excuses or prevarications will serve the purpose of the Beccan officials in this case. An attempt was made, it is true, to protect the Roman Catholic sisters, but they were entrusted to the care of brutal soldiers, who threw them down the river embankment and did their best to murder them. Had it not been for the personal bravery of a German priest some of the sisters would have undoubtedly been killed. Although every unofficial foreign building was burned the British consulate and the custom house were not damaged. The British consul was unable to assist those attacked. Fortunately the steamer Pac Hua was in port and every foreign resident took refuge aboard her. The attack was not deliberately planned, but all details were carried out with the utmost celerity. It was pretended that a child had been stolen by the convent people, but this was false. The water in the rivers was so low that the warships Swift and Aspice were unable to reach Ichang. The merchantman Ella carried up a detachment of blue jackets, who will protect foreign property.

UPPER SANDUSKY, O., Oct. 14.—While pouring some turpentine in a wash boiler an explosion of the fluid followed, and Mrs. J. L. Bender was so badly burned that she will die. Mrs. Bender's clothing was entirely burned from her body.

BASE BALL PROTEST DECIDED.

Charges Made Against the New York Club Not Sustained.

NEW YORK, Oct. 14.—The board of directors of the New York base ball club met again yesterday to take action on the report of the executive committee in regard to the charges recently made that the New York club had purposely lost games to the Boston club in their last series of games together.

After carefully examining the report and discussing the matter in all its details, the board adopted a resolution to the effect that it accepted the report of the executive committee, and it is its unanimous opinion that there was no deliberate intention on the part of the management to in anywise weaken the team for the purpose of losing the games with Boston, it being shown that the team was in a great measure handicapped by the illness and disability of several of its most reliable players, but that in view of this disability it was unwise on the part of the active management to have arranged the extra games. The resolution continues that the management is firm in its belief that the players who contested in the games played honestly and to the best of their ability.

NEWSPAPER OFFICE BURNED.

An Incendiary Fire Destroys The American Office at Nashville, Tenn.

NASHVILLE, Oct. 14.—At 9:30 last night fire broke out in The American building. About fifty men were at work in the building at the time. The fire spread so rapidly that the compositors had to escape by the fire escapes and rope stretched from the top floor.

The fire caused a loss of about \$10,000, fully covered by insurance. The composition rooms, telegraph rooms, offices of the United Press and Associated Press were gutted. The fire was probably incendiary. Two compositors, M. W. Brooks and H. W. Phelps were caught in the flames, but their injuries are not serious. J. K. Muir's head was also badly burned.

Sending a Baby to the Penitentiary.

WHITEHALL, N. Y., Oct. 14.—At Sandy Hill yesterday, Mrs. Alice Harvey, of this city, was sentenced to the Albany penitentiary for three years, on her plea of guilty of assault in the first degree on Patrick Garrigan, whom she accused of drowning her husband in Lake Champlain about three weeks ago. A feature of this case is that Mrs. Harvey has an infant under one year of age. The court directed the sheriff to take the child with the mother to the penitentiary. That raises an interesting question. Can the keeper of a prison receive within its walls a person not under sentence, even if that child is the infant of a convict mother, born in freedom and innocent of any crime.

Determined to Kill.

BIRMINGHAM, Ala., Oct. 14.—Yesterday morning, Mrs. Fannie Hoffman, postmistress at Coalburg, attempted to shoot J. T. Hill, manager of the Sloss Iron and Steel company, and Deputy Marshal Sehenfield. Mrs. Hoffman met the two men on the street and drew a pistol and fired three shots. None of the bullets took effect. A policeman put her under arrest, when she took another pistol from a basket and again tried to shoot the two men. She was finally disarmed and taken to jail, where she was released on bonds. Mrs. Hoffman claims the men have been trying to traduce her.

An Editor Injured.

INDIANAPOLIS, Oct. 14.—Professor W. A. Bell, of this city, editor of the Indiana School Journal, was thrown from a buggy, about two miles in the country, near Kokomo, last evening, and was found unconscious in the road. Bones in his left hand were broken and he sustained bodily injuries. He will be confined to his room some time, but will recover. He, with his family, was visiting his brother, Milton Bell, where the professor will remain until it is safe to move him.

German Evangelical Conference.

INDIANAPOLIS, Oct. 14.—The German Evangelical conference yesterday re-elected Bishops Esper and Bowman and elected the Rev. S. C. Breyfogle, of Reading, Pa., and Rev. William Horn, of Cleveland, to the two new bishoprics created in the morning. It has been decided to have two publishing agents for the Cleveland establishment. Much important legislation as to legal affairs of the church is yet to be transacted.

Murder and Suicide.

LIMA, O., Oct. 14.—At Holgate, last night, Ray Burke shot and killed his sister-in-law, Mrs. Frank Burke, and then blew out his brains. Mrs. Burke gave the young man \$50 to deposit in the bank a few days ago, but instead of depositing the money he went to Defiance on a spree. He returned last night and wound up his debauch as above stated.

Gave Himself Up.

NEW HAVEN, Oct. 14.—Engineer Meaney, of the New York and New England train which was wrecked at Hawleyville Sept. 24, surrendered himself yesterday. Three lives were lost by the accident, and the coroner issued warrants for manslaughter against Meaney and Conductor Conrad. Both men fled. Meaney gave bail in \$2,000.

It Cost Him His Life.

CORINTH, Ky., Oct. 14.—Dr. J. L. Massey, of Truesville, four miles from Monterey, shot and instantly killed John Hognicker yesterday. The cause that led to the tragedy was a remark by the man shot to the effect that Massey was on familiar terms with his (Massey's) own niece.

Snow in Maryland.

CUMBERLAND, Oct. 14.—Snow was reported at Sand Patch, about twenty-five miles west of this city yesterday afternoon, and advices from Frostburg, eleven miles north of here, state that a number of flakes fell there. This is the first snow of the season in this vicinity.

AMERICAN PORK.

It Will Soon Have Free Entry Into Italy.

THE EMBARGO TO BE RAISED.

Negotiations to That End Already Begun at Washington and Their Consummation Will Be Announced in the Near Future—Other Dispatches from the National Capital.

WASHINGTON, Oct. 14.—The recall of Baron Fava, the Italian minister to this country, on account of the New Orleans affair, has left the interests of Italy in the United States in a peculiar condition, the present charge d'affaires in Washington not being invested with the powers of a minister, and Italian citizens resident in this country, feeling the necessity for representation of their interests, have taken matters in their own hands.

Yesterday the president of the Italian chamber of commerce in New York called on Secretary Rusk, and it is reported that his visit was in connection with negotiations looking to the raising of the Italian embargo on American pork. It is understood that these negotiations have been in progress for some time, and that they are in such a state that promulgation of the raising of the embargo will be announced shortly.

Consular Districts.

WASHINGTON, Oct. 14.—The Brazilian government has made two new consular districts in the United States, one at San Francisco, with jurisdiction over the state of California and the other at New Orleans, with jurisdiction over the state of Louisiana. Dr. Epamonondez Leite Chermont is appointed consul at San Francisco, and Dr. Jose Mancel Cardoza de Oliveira consul at New Orleans. The consul at Baltimore is given jurisdiction over Maryland and along the coast of the Atlantic and Gulf of Mexico, except in Louisiana, and the consular general at New York jurisdiction over all the rest of the country except California. These changes have been officially recognized by this government.

Report from Arizona.

WASHINGTON, Oct. 14.—General A. McD. McCook, commanding the department of Arizona, recommends, in his annual report to the secretary of war, that the San Carlos Indians be removed from their present reservation to some point east, as the temperature there in midsummer is 110 degrees in the shade, and to keep Indians and troops there is inhuman. He describes the harbor of San Diego, Cal., as one of the best in the world, but its defenseless condition he considers a disgrace.

Our Exports.

WASHINGTON, Oct. 14.—Cotton exports from the United States during September last aggregated 227,796 bales, valued at \$10,857,345, against 410,760 bales, valued at \$21,094,040 in September, 1890. Exports of breadstuffs during September past aggregated in value \$31,462,021, against \$7,189,843 in September, 1890. For the nine months of this year, ending Sept. 30, breadstuffs exports were valued at \$145,025,129 against \$110,693,910 for the nine months ending Sept. 30, 1890.

Must Obey the Law.

WASHINGTON, Oct. 14.—The treasury department has informed several correspondents, who have complained of the strict enforcement of the Chinese exclusion act, that the department has no discretion in the matter, but must follow closely the decision of the United States supreme court, which holds that no Chinaman can enter the United States unless he has a certificate from the Chinese government stating that he is not a laborer.

Lottery Business Dying Out.

WASHINGTON, Oct. 14.—The postmaster general has received a report from an Indiana postmaster, who lately visited county postoffices in his district, stating that the lottery business is dying out in Indiana and that in his own city, where the lotteries formerly had great patronage and did perhaps \$2,000 worth of business a month, the income of the lotteries from the same territory at the present time is less than \$200 per month.

President and Prisoners.

WASHINGTON, Oct. 14.—The president has denied a pardon to William Reinheimer, of Indiana, sentenced to two and one-half years in the penitentiary for counterfeiting. In the case of Thomas E. McCann, of California, sentenced to two years in jail for violation of the postal laws, he has commuted the sentence to one year and eleven months.

Quiet in Chili.

WASHINGTON, Oct. 14.—Several dispatches have been received at the navy department within the past few days from Admiral Brown, at Valparaiso, Chili. All indicate that matters are gradually quieting down and that the junta is strengthening its hold upon its followers.

Called on the President.

WASHINGTON, Oct. 14.—A delegation of 150 veterans on their way to the Union Veteran Legion convention at Reading, Pa., was received by the president yesterday. Senator Harris headed a Tennessee delegation that had an audience with the president.

Cabinet Meeting.

WASHINGTON, Oct. 14.—The cabinet at its meeting Tuesday discussed in detail several reciprocity treaties that are now in the course of negotiation between the United States and European and South American countries.

Condition of Private Secretary Halford.

WASHINGTON, Oct. 14.—The condition of Private Secretary Halford does not show the improvement hoped for.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

WEDNESDAY, OCTOBER 14, 1891.

REPUBLICAN leaders in Ohio are frantically appealing to the party to stand firm on the Legislative ticket. Even Murat Halstead has joined in the cry. What seems to be dreaded by them more than anything else is the likelihood of the Democrats, if they control the Legislature, changing the law and making Presidential electors elective by districts instead of by the State at large. We can't see any serious objections to such a change.

Omo Republicans are not in love with the Australian ballot system, not by a long sight. The Commercial Gazette says the new law is "an abomination" and should never have been passed. It refers to the old system as "a most simple and excellent arrangement." Yes, it was an "excellent arrangement" to enable bribers and boodlers to get in their demoralizing work at the polls. Thanks, to the Democracy, however, boodle went out much of a figure in Buckeye elections hereafter.

Its Excellent Qualities

Commend to public approval the California liquid fruit remedy, Syrup of Figs. It is pleasing to the eye, and to the taste and by gently acting on the kidneys, liver and bowels, it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

KANSAS VALUES GROWING

Grass Lands as High as \$25 an Acre.

KANSAS CITY, October 3.—A sheriff's foreclosure sale, made by the Jarvis-Conklin Mortgage and Trust Company last week shows that there is a good, healthy demand for Kansas land. The company had advertised the sheriff's sale of a ranch of 1,600 acres lying in Clay County and about four miles from Sterling. On September 21, the day of the sale, there was a large number of bidders present. The 1,600 acres brought \$23,000 cash, or an average of nearly \$15 per acre. All but 240 acres of the ranch was unimproved grass land. Some of this grass land brought \$25 an acre. Most of the land was bought by Robert Ray, a farmer, the remainder being purchased by business men of Sterling. As Rice County lies west of the center of Kansas, real estate men consider that this sale shows a remarkable improvement in Kansas farm land values. Local real estate men generally state that this class of property has doubled in selling price during the last six months.

Kind Words.

Elder H. E. Light, of Mountainville, Lancaster County, Pa., has a good word to say for a patent medicine. We will give it in his own words: "Chamberlain's Colic, Cholera and Diarrhoea Remedy was used in my family and can say that it done me good in diarrhoea and cholera morbus. I do not hesitate to recommend it to all suffering from the above diseases." Twenty-five and fifty cent bottles for sale by Power & Reynolds.

CIRCUIT COURT.

October Term—Juries Empaneled and Other Business Transacted.

Judge Cole convened the October term of the Mason Circuit Court Tuesday morning at 10 o'clock.

The usual oath as to summoning jurors was administered to the Sheriff and Deputies.

This is the first time it has required only twelve men to compose a grand jury in Mason County. That is the number under the new Constitution.

The following petit jury was empaneled: R. B. Yancey, J. B. Holton, John W. Valentine, Ben Smith, George Grant, S. R. Powell, Garrett Donovan, J. L. Lunan, Henry Hubbard, D. C. Frazee, Richard Wells, Jr., George E. Wood, James W. Adamson, David Dickson, James Ramford, C. L. Anderson, George Evans, E. M. Writ, Thos. F. Killgore, Jacob Riley, B. W. Coburn, E. H. Thomas, James S. Redmond, Monroe Carr.

The case of the Commonwealth versus Augustus and Samuel C. Sullivan was set for trial next Friday.

Oscar Morgan was tried for carrying concealed a deadly weapon. The verdict was not guilty.

Circuit Clerk Parry filed his report of taxes received on law process and for jury fees from July 13th to October 13th. The amount was \$42.

A SUICIDE.

Lewis H. Weiland of Ripley Shoots Himself.

Lewis Weiland, of Ripley, committed suicide this morning at 8:30 o'clock. He was a brother of Mr. A. Weiland of this city, and leaves a wife and several children.

Being wanted by the family for something, his wife went to his room, and found him lying on the bed dead, shot through the heart.

The Bee says: "He was a young fellow who was looked on as a man of steady habits, and was supposed to be getting along well enough, and his act is a great surprise to the community. He was a member of the K. of P. order, and carried an insurance on his life in one or two companies of that order.

R. F. Harrison, Clerk of the Carroll County Court, and a cousin of President Harrison, is the guest of Postmaster Davis during the session of Grand Lodge.

OCTOBER'S gem is the opal. It is emblematic of hope. Ballenger, the jeweler, has a complete line of birthday rings. All the latest novelties in charms, rings and pins.

SHACKLEFORD & BEASLEY'S carriage factory at Paris was burned out this morning. Loss not learned. Their friends will be glad to learn the firm was well insured.

GOVERNOR BROWN, during the first month of his administration, pardoned sixteen convicts, a larger number than any preceding Governor. In many of these cases the convicts were in very poor health.

HON. J. N. HUSTON, of Connorsville, Ind., who resigned the position of Treasurer of the United States not long since, is in town, stopping at the Central Hotel. He is President of the electric light and gas companies of Connorsville and is accompanied by the Superintendent of the companies, Mr. Anthony Watt. They are here to investigate the Harris process of manufacturing fuel gas.

JOHN T. WILSON, the wealthiest man in Adams County, O., died a few days since, aged eighty years. Among the bequests in his will are the following: To the M. E. Missionary Society, \$10,000; Freedman's Aid and Southern Educational Society of the same church, \$5,000; Elizabeth Gamble Deaconess' Home, of Cincinnati, \$5,000; M. E. Church of Flat Run, Ohio, \$1,000; U. P. Church, Tranquility, Ohio, \$1,000; to the Children's Home of Adams County, \$35,000, and \$4,000 to erect a monument in memory of the soldiers of Adams County.

SAYS the Owensboro Messenger: "Actors have a queer superstition about yellow flowers, and will not wear them for anything. While at Dr. Todd's booth at the fair grounds the other day, Miss Marie Greenwood saw some yellow flowers, and after admiring them, asked for them. Mr. Culbertson, her leading man, was present and begged her not to take them, saying they would surely bring her ill luck. A laugh was indulged in at his expense and she took the yellow flowers. In an hour the opera house was in ashes, and Miss Greenwood's ill luck had cost her \$7,500. The flowers got in their work."

DECORATIONS.

Second and Market Streets Ablaze With Fancy Colored Lanterns Last Night.

It is doubtful whether Maysville was ever before decorated on as extensive a scale as at present.

Second and Market streets and portions of Third were ablaze with fancy colored lanterns last night. Wires were stretched along each side of the streets, and suspended from these was almost a continuous line of lanterns along Second from Wall to a point above Market, and along Market from the river back two or three squares, and also on Third near Market and other places.

The streets were thronged until a late hour by citizens and visitors viewing the scene. It was a sight never before witnessed in Maysville.

Where all have been so liberal in decorating it is hard to particularize, but it will no doubt be conceded on most every hand that the most attractive buildings on Second are the Oddfellows' Hall and the Bee Hive. Their front is almost one mass of flags, festoonings and long streamers of red-white-and-blue bunting. The figure of a man riding a goat over the entrance to Myall & Shackelford's carriage factory attracts general attention. Likewise, the decorations at Wallace Bros' cigar factory on Market. In addition to flags and festoonings the front of the building is decorated with potted plants and flowers and evergreens, lighted up at night by gas. Maysville Commandery displays a Maltese cross in fire at the corner window of the Asylum. Hill & Co. have an attractive illumination, consisting of an arch of fancy colored gas jets, lighting up a profusion of flags and festoons. Robert Bissett had a very attractive illumination in the yard at his home just beyond the Limestone bridge. It consists of a red cross with a white star and globe on each side. This is one of the the prettiest displays seen last night.

All the arches were illuminated last night with fancy colored lights.

When Baby was sick, we gave her Castoria.

When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

ODDFELLOWSHIP.

Figures Showing the Growth of the Order and Its Benevolence.

Doings of the Grand Lodge—Preparations for the Big Parade Thursday.

The Grand Lodge of Kentucky I. O. O. F. had an interesting session yesterday. After the report of the Committee on Credentials was acted on, the Grand Lodge degree was conferred on seventy-one Past Grands. This degree was never conferred on so many candidates at one time before, and it is a good evidence that the order is prospering in Kentucky.

When the lodge re-assembled at 2 o'clock in the afternoon, Grand Master Duncan presented his annual report. He was disabled from active work most of the year by illness, but the duties of the office were faithfully attended to by Deputy Grand Master W. G. Simpson. The other officers of the Grand Lodge had heartily co-operated also, and in concluding his report he said:

It gives me great pleasure to announce to you to-day, that the report that will be submitted by our worth Grand Secretary and his assistant, will show you that no less than 947 men have been initiated into Oddfellowship in this jurisdiction during the last twelve months—the greatest number in any one year in the history of Oddfellowship in the State of Kentucky; and the net increase for the same period was equally unprecedented, as will be shown by the clear statement presented by our worthy Grand Secretary, reaching six hundred and fifty-nine members, (see summary). We do not flatter ourselves that the greatest number of lodges have been instituted during the past year—there only being five Subordinate Lodges and one Rebekah Degree Lodge; but these are flourishing and sending in very encouraging reports. There is no special boom in the order throughout the jurisdiction, but a steady increase that shows that the brotherhood throughout the State has the order at heart.

Grand Secretary White presented his report for the year. The annual report of the Grand Treasurer, George W. Morris was also presented. The reports were referred to the usual committees. The following recapitulation and comparison shows the condition of the order in Kentucky:

POWER & REYNOLDS.

A FACT!

We made the following proposition to a man who was about to visit Cincinnati and Louisville: If Webster's International Dictionary, with Noyes' No. 19 Stand could be bought for less than we could sell them to him, in either of the above cities, we would sell him one for one dollar less than their (Cincinnati and Louisville) price. He came back and bought our Dictionary and Stand for \$13.50, and said it was one dollar and twenty-five cents cheaper than the best houses in the other cities would sell it to him for. TEACHERS, can you do without one? PARENTS, it is brain food for your children. Keep one where they can partake thereof at any time. PROFESSIONAL PEOPLE, you know its value; now get one while we are making a run on them.

FROM OVER THE SEA

A Few Cullings from Foreign Dispatches.

MR. SPURGEON GOING ABROAD.

The Reverend Gentleman slowly recovering from his recent illness—A Flourishing Village Completely Destroyed by Fire—Boulogne's Will to Be Contested—Circus Tent Wrecked by a Storm—Vessel Abandoned at Sea. Other Cable News.

LONDON, Oct. 14.—Mr. Charles Spurgeon, now slowly recovering from his recent illness, has written a letter to his congregation, informing them that he is going abroad for rest and change of scene. He says he has been relieved of great anxiety in having secured Dr. Person to fill his pulpit during his absence.

He says the doctor is "a man after his own heart, a great winner of souls. Quitting America and setting aside everything to serve them," Mr. Spurgeon continues, "the church ought to grant him the aid of their prayers and united efforts."

To Contest Boulogne's Will.

PARIS, Oct. 14.—It is announced that the daughters of the late General Boulogne, who committed suicide on Sept. 30, by shooting himself through the head on the grave of his mistress in the cemetery of Ixelles, near Brussels, will contest four of the clauses of his will. It is expected that the legal proceedings will result in the development of some interesting evidence regarding the dead man's inner political and private affairs.

Circus Tent Wrecked.

LONDON, Oct. 14.—At Parsons-town, Ireland, yesterday, a gale demolished Batty's circus, while it was crowded with school children and others. A panic followed and the shrieks of the people imprisoned by the canvas could be heard far and near. The grown up people cut a way through the fallen tents and rescued the little ones. Many persons, both children and others, were injured by the falling poles.

Indications of Peace.

ROME, Oct. 14.—King Humbert gave half an hour's audience to M. DeGiers, the Russian foreign minister, at the Villa Mosca. Premier Rudini was present. Afterward Rudini and Giers had a long consultation. The press hints the meeting as a guarantee that there is no danger of a conflict between the triple alliance and Russia and France.

Vessel Abandoned at Sea.

LONDON, Oct. 14.—A dispatch from Glasgow says that the British steamer Norwegia, Captain Christie, which arrived at that port yesterday from Montreal, brought with her the crew of the British steamer Devonshire from Barrow, Sept. 30, for New York, which was abandoned 550 miles west of Tory island.

A Town Destroyed.

BUDA PESTH, Oct. 15.—Felső Nadar, a large and flourishing village of Transylvania, has been completely destroyed by fire and the inhabitants have practically lost all they possessed. The utmost distress prevails. Relief is being sent to the sufferers from adjacent towns.

Eulogies of the Late Parnell.

DUBLIN, Oct. 14.—The newspapers of this city continue their eulogies of the late Charles Stewart Parnell, and on all sides are heard expressions of regret at his death.

Petard Explosion.

MADRID, Oct. 14.—A petard exploded at Puerto del Sol, injuring several persons. The author of the outrage has not been discovered.

HER JOURNEY CUT SHORT.

A Young Lady Somnambulist Walks Off a Sleeping Car.

BUFFALO, Oct. 14.—At 4 o'clock yesterday morning, while passenger train No. 3, on the Central westbound was passing West Batavia, a young lady was seen to leave her berth in a sleeper and walk to the rear platform. She did not return and an alarm was raised. Failing to find her, the train was stopped and backed toward Batavia, the crew searching both sides of the track.

The search was unsuccessful, but the operator at Crofts station, who was instructed to continue the search, found the girl lying near the track just outside of West Batavia. Her head was cut open, and she was internally injured. She was brought to this city where she died. The police state the girl's name to be Mary McLaughlin, and that she was en route to Bay City, Mich. A note in her pocket stated that she was going to her sister at West Branch, Ogish county, Mich. A card with the name Ida G. Voorhees, was also found in her pocket. She was well dressed and wore some valuable rings. The supposition is that she was a somnambulist and walked off the train while asleep.

Postoffice Inspection.

COLUMBUS, Ind., Oct. 14.—Postmaster Hartman, of this city, has completed the inspection of postoffices in his district, as directed by the postmaster general. He found the majority of offices in fair condition. He also found in several cases that the pay was meager and insufficient for the duties required. One small country office receives and sends out four mails daily between the hours of 8 a. m. and 9 p. m. The pay of the postmaster, however, is \$30 per annum, notwithstanding his long hours of duty.

No Truth in It.

QUEBEC, Oct. 14.—There is no truth in the rumor of an attempt on Premier Mercier's life. The detective summoned by the premier last night was wanted to prevent an anticipated row at an expected charivari.

A Murder Doomed.

SEDALIA, Mo., Oct. 14.—Governor Francis has refused to interfere in the case of Tom Williamson, the condemned murderer, and he will be hanged on Oct. 31.

ADAMS EXPRESS COMPANY.

John Hoey Retires from the Presidency and Henry P. Sanford Elected.

NEW YORK, Oct. 14.—Wall street was much interested Tuesday in John Hoey's retirement from the presidency of Adams Express company. Mr. Hoey has many friends in financial circles who regretted his retirement. The stock of Adams Express company is closely held by investors. None was sold on the stock exchange as a result of the disclosures. No outsider has been allowed to know anything of the operations of the company. No reports are ever made. The officers always told applicants for information that the company would buy their stock if they did not want it. The stock pays 8 per cent., and is quoted at 144 to 146.

At a meeting of the directors, Henry P. Sanford, of Bridgeport, Conn., who has been largely instrumental in ferreting out the charges against Mr. Hoey, and Mr. Spooner, was elected president in place of Mr. Hoey, and Frederick Lovejoy, of this city, was chosen vice president in place of Clapp Spooner. Both of the officers who have been deposed received high salaries. Mr. Hoey \$30,000 a year and Mr. Spooner only a little less. They are charged with having employed the funds and influence of the company for their private gain, and with having by means of questionable dealings with rivals of the Adams Express company, pocketed hundreds of thousands of dollars drawn out of the treasury of the company of which they were the chief executive officers. The directors, after a full investigation of the affairs of the company, claim that its solvency is in no way impaired, despite its heavy losses.

The directors have taken the most vigorous action in the interest of the stockholders, and are now preparing to make a public statement, which will disclose the actual financial condition of the company. It is believed that no criminal charges will be pushed against either Mr. Hoey or Mr. Spooner, but that, as they both are men of enormous wealth, they will be sued in the civil courts for the recovery of the company's money, which, it is alleged, they fraudulently appropriated to their own use.

DISCUSSING CHURCH DOCTRINE.

A Religious Debate Almost Ends in a Riot.

ENGLISH, Ind., Oct. 14.—The inroads which the Latter-day Saints, calling themselves the "Reorganized church of Jesus Christ," have been making upon other church members in this vicinity during the past few years, and the multiplied energy with which its representatives are working, has aroused the opposition of the Christian church (Campbellite), and an attempt is being made to check the Mormon proselytizing.

There is no disputing the fact that the Mormon conversions are among a class which any church may be proud to shelter, and this has given rise to a series of debates between the contending sects. Elder R. W. Jeffries, of Utica, Ky., championed the Christian church, and George H. Hilliard, of Jeffersonville, Ill., appeared for the Latter-day Saints. Neither of the debaters were the best to be afforded by their respective churches, and the discussion has aroused a spirit of ill-will among the neighbors, rather than culminating in spiritual benefit.

The debate Saturday evening narrowly escaped closing in a riot, and it has resulted in Elder Jeffries asking for a cessation until arrangements can be made for a properly conducted discussion, he claiming that the present one, which gave each speaker alternate nights, was sprung upon him without preparation. The request has been granted, and there will probably be no more discussions until spring.

Harven Wheels Walked.

INDIANAPOLIS, Oct. 14.—Julius Pratt and Addison Bybee, of the old Sarven wheel works, now part of the American Wheel Works trust, have made an assignment and Bement Lyman has been appointed assignee. Pratt holds \$229,000 and Bybee \$209,000 in the American wheel works, and each has \$12,500 in the B. B. S. company, of Dayton, O., and \$18,000 in the Indianapolis Wagen company. All their real estate holdings are included in the assignment, portions in this city being subject to \$55,000 mortgage. The failure is due to the assignment made by the American wheel works in which both gentlemen were heavily interested.

Slain With a Hammer.

LIMA, O., Oct. 14.—Last evening Frank Cas'e was killed by Elmer Downs. Both men were engineers employed at the same place, each working twelve hours and relieving the other. Cas'e was late in getting around and Downs was not in a good humor when he appeared, and after a few words they engaged in a fight, in which Cas'e's skull was crushed by a blow with a hammer in Downs' hands. Cas'e died almost instantly.

Powder and a Stove.

BIRMINGHAM, Ala., Oct. 14.—At Ensley City last night the occupants of a construction car went to bed, leaving two kegs of powder dangerously near a hot stove. About 1 o'clock this morning the result that might have been expected occurred. The car was wrecked. Sam Williams, John Jones, Orange Pleamer and Frank Neilly are dead. Sandy Norway and Henry Bradford mortally hurt.

Mysteriously Missing.

BOSTON, Oct. 14.—Arthur D. Mayo, a promising young musician, well known in New York, Cincinnati, Springfield, Washington and in this city, has been missing since last Wednesday. Young Mayo has been in failing health and under great mental depression for some time past.

LOSS TO FARMERS.

Great Damage Done by the Weather in the Northwest.

ST. PAUL, Oct. 14.—The weather of the past few weeks has undone much of the good that was done by the fine weather early in the season in North Dakota, and the farmers of the northwest will suffer losses aggregating in the millions. The damage can as yet only be estimated, but that the loss will be very great there seems no doubt. Rain has been general and abundant and it is this which has caused the greatest loss. There is still a great shortage of thrashing outfits, and the weather has prevented more than half time.

At Jamestown, N. D., rain and snow fell last night. It is still snowing and last week there was but one full day's wheat threshing. Reports are received of grain sprouting in several stacks.

At Devil's Lake, N. D., a heavy rain fell yesterday which will stop threshing for several days. No grain has been stacked, owing to the scarcity of laborers.

California Fruit.

SAN JOSE, Cal., Oct. 14.—Shipments of fruit to the east from this place during the past week were the heaviest on record, amounting to nearly 4,000,000 pounds. Over a million of this was green fruit, the remainder canned and dried.
